

Tips for Walkers

- Register for the Walk online and make it easy for potential sponsors to give toward your goal (compasscarewalk.com)
- **Personalize** your page by sharing why you are passionately pro-life and why you are walking!
- Make your goal **tangible** by connecting it to how many lives will be impacted by a sponsor's gift (it costs \$570 to serve one woman)
- If you have been a Walker in the past, ask people that have **sponsored you before**
- **Spread the word** on social media and via email by sharing your personal fundraising page
