

Create Your Personal Passion Video

To erase the need for abortion we need to inspire a more pro-life community.

Inspire your friends and family by publicly expressing your pro-life passion, encouraging others to join you for the Walk for Life Weekend with a 15-30 second video answering the question, “Why are you passionate about erasing the need for abortion” or “Why are you passionate about serving women and saving lives?”

How to make your video:

1. Wear your CompassCare apparel and find a well-lit place inside or outside to shoot the video.
2. Position your device a short distance away from you, or recruit a friend to help you record.
3. Relax and be yourself! Look right into the camera as if you are talking to a friend and share your passion for women and their preborn babies.
4. Start your video with “I am passionate about erasing the need for abortion/serving women and saving lives because...” and simply speak from the heart as to why you care so deeply.

How to share your video:

- Upload your video to your Facebook page
- Add a description, include **#WalkOn**, and tag **@CompassCareCompassCare** and/or
- Send your video to walkforlife@compasscare.info. CompassCare may choose to use your video as part of the program for the Online Walk Rally on Friday, April 30.
